

CONSPACE ROOMS

A LABYRINTH OF 18 PAINTINGS

THE PIECE

A walk through a **labyrinth** of half-lit rooms where eighteen works from the **SOULS** cycle by UVALISS hang. It is built anew for every visit. Its three zones follow the cycle from **trauma** toward accepting oneself.

In a gallery, one visitor steers the **projection** with bare hands while others watch. The paintings hang next door.

PROJECT FEATURES

FORMATS online, or a gallery room
RUNNING self-running, new for each visitor
TECH Three.js, live sound, hand tracking
PRIVACY no data leaves the device

SOULS works & voice, 2026

FEAR

Trauma: a hospital with no way out.

ZONE 1 OF 3

MEMORY

Childhood, in grandma's flat.

ZONE 2 OF 3

ACCEPTANCE

The soul accepts itself.
