CONSPACE ROOMS

A LABYRINTH OF 18 PAINTINGS

THE PIECE

A walk through a labyrinth of half-lit rooms where eighteen works from the SOULS cycle by UVALISS hang. It is built anew for every visit. Its three zones follow the cycle from trauma toward accepting oneself. In a gallery, one visitor steers the projection with bare hands while others watch. The paintings hang next door.

PROJECT FEATURES

FORMATS	online, or a gallery room
RUNNING	self-running, new for each visitor

SOULS works & voice, 2026

FEAR

Trauma: a hospital with no way out.

ZONE 1 OF 3

MEMORY

Childhood, in grandma's flat.

ZONE 2 OF 3

ACCEPTANCE

The soul accepts itself.
